

Consolidating OW2 Project Metrics with GrimoireLab

CHAOSSCon + GrimoireCon Europe 2018

Assad Montasser

Brussels, Feb. 2018

OW2 OSCAR

- A methodology and a platform
- Quality assessment tools
- Raw data + risk assessment models
- Transparent information on projects
- Check-list of best practices to reach market maturity

Today: Fragmented D

OW2 & GrimoireLab

- URL : http://metrics.ow2.org
- Commits tracking on a Gitlab repository
 - Perceval Git backend allows to retrieve commits both on Github and Gitlab repositories
 - Metrics on commits by author for each project inside a repository
 - Metrics on commits by project for each author
 - Metrics on evolution of commits by time and by author

Tomorrow: Consolidated Dashboards

OW2 & GrimoireLab

► Issue tracking on a Gitlab repository

Perceval Gitlab backend allows to retrieve issues in Gitlab repository

►Github:

https://github.com/grimoirelab/perceval/blob/mast er/perceval/backends/core/gitlab.py

►Next steps

Integration in grimoireelk in order to store enriched items in ElasticSearch

► Kibana dashboard in order to show metrics
