The Seven Deadly Sins of Open Source Communities

Or, What You Really Should Not Do

Brian Proffitt

Manager

Open Source Program Office

"Sins"

Red Hat

Lack of Onboarding

Red Hat

Lack of Onboarding

- What Is the Project?

Red Hat

Lack of Onboarding

- What Is the Project?
- How Is It Used?

Red Hat

Lack of Onboarding

- What Is the Project?
- How Is It Used?
- How Do Users Get It?

Red Hat

Nothing in Writing

Red Hat

Leadership is a Mystery

Red Hat

No Paths to Success

Red Hat

Poor Communication

Red Hat

Lack of Transparency

Not Seeing Ourselves in Others

Red Hat

Thank you

The Open Source Program Office is passionate about, and dedicated to, providing business-useful insights into community management and success for our fellow Red Hat associates.
